# WV PBIS High School Cohort

WV High Schools - This SPACE is for YOU!!

## Some changes coming in 2024-2025:

### MODEL SCHOOL SITE VISITS

**Are you interested in seeing PBIS in a WV High School?** You can always schedule a site visit to a Model School. All you need to do is email your Regional Behavior Support Specialist to set up a tour.

We have THREE 2023-2024 Model Schools - Wheeling Park High School in Ohio County in our North region, Clay County High School in Clay County and Wirt County High School in Wirt County, both in our South region. All three offer a view of PBIS in different parts of the state and in high schools with different enrollment numbers.

If you would like to set up a visit or a chat, then please reach out to your BSS so they can facilitate next steps.

### PBIS HS COHORT GOOGLE DRIVE

[Access the Google Drive HERE](#)

**Want to see some of the things shared by other high schools?** A WV PBIS HS Cohort specific Google Drive has been set up to create this space. Check out documents shared by teams at Clay County High, South Charleston High, Wheeling Park High and Wirt County High.

You may request permission to the Google Drive. You will be granted access as a Viewer. This allows you to view and download documents but prevents editing documents within the Google Drive.

### SAVE THE DATE

## 2024 ON-SITE HIGH SCHOOL VISIT

CLAY COUNTY HIGH SCHOOL

2022 - 2023 & 2023 - 2024 WV PBIS Tier 1 Model School
