### Model School Site Visit, Aug 2024

Welcome Back!

Once again, we started August visiting a WV PBIS Tier 1 Model School. Clay County High School hosted our HS Cohort site visit on Friday, August 2nd.

Over 30 participants came together to walk through a "first day at school" experience.

Participants from the WVDE, County offices, High School Administration, PBIS Teams and High School Staff enjoyed a day of seeing PBIS in action at the high school level.

Remember, you can request a visit to one of our Model Schools at any time. Please be sure to contact me or your regional BSS to request a tour. You can visit Wheeling Park High School in the North Region or Clay County High School or Wirt County High School in the South Region.

### Upcoming Zoom Calls:

### Google Drive Resource:

A WV PBIS HS Cohort specific Google Drive has been set up to create a space to share materials from different high schools. Documents from Clay County High, South Charleston, Wheeling Park & Wirt County High are available.

Request access by clicking the **LINK**.

After requesting access, you will be added as a viewer. This allows you to view & download documents.
