

WE ARE... MARSHALL

CHECK-IN, CHECK-OUT Universal Tier 2 Behavior Intervention

Tiffany Henderson, LICSW
Eastern Panhandle BSS

WE ARE... MARSHALL

Research Findings

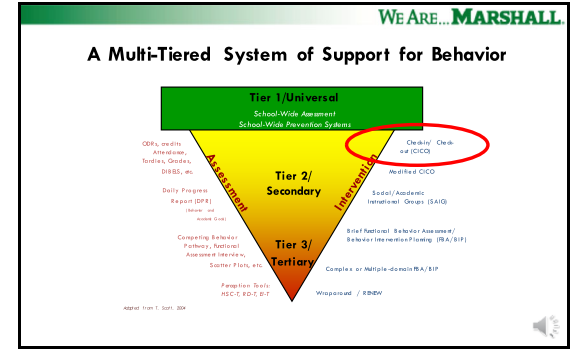

CICO is effective with about 70-75% of tier 2 students

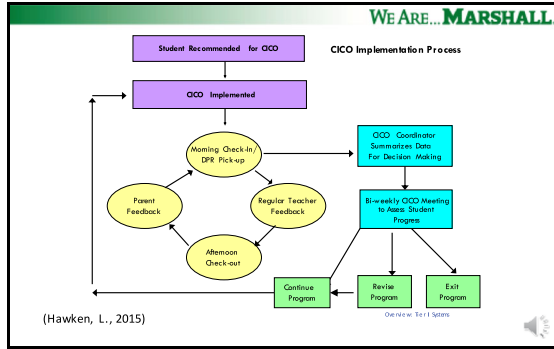

- Reductions in problem behavior
- Increased ratings of pro-social behaviors
- Increased academic engagement

Rated by teachers as efficient, effective, & acceptable

Wolfe, K., Pyle, D., Charlton, C., Sabey, C., Lund, E., & Ross, S. (2016). A systematic review of the empirical support for check-in check-out. *Journal of Positive Behavior Interventions*, 18, 74-88.

Tiffany Henderson, LICSW
Eastern Panhandle BSS

WE ARE... MARSHALL

What does Check-In, Check-Out do?

- Provides structure in a student's day
- Creates accountability
- Provides teacher feedback to student and parents
- Creates internal motivation
- Improves student behavior
- Increases academic success
- Creates a stronger home-school connection

WE ARE... MARSHALL

Who can benefit from CICO?

Behaviors

- Low level disruptions
- Disrespect
- Disorganized
- Work completion
- Impulsive

CICO is often an important component to a Tier 3 intensive behavior plan. It can be combined with other interventions and provides a built-in way to monitor behavioral data.

WE ARE... MARSHALL

Who is involved? Everyone.

- BIS Coordinator**, responsible for collecting data and analyzing trends, scheduling meetings to review student's progress, reporting results to administration
- Facilitator/Designated Staff Member**, Cares about student success. Responsible for giving and receiving behavior cards daily, giving results to coordinator, parent communication.
- **Brainstorm to determine who would be best for each student. Prior teachers also may be ideal for some students****
- School staff**, trained by BIS coordinator on OCO (Sample Power Point provided to you). Responsible for giving feedback throughout the day.
- Note:** Include service personnel in OCO. Many students have a good rapport with them. Students also enjoy spending time with them and helping around the school as a reward for reaching their goal.

WE ARE... MARSHALL

What Do You Need?

- Daily Progress Report- CICO Sheet
- School-Wide Staff Training
- Student Training (after collecting baseline)
- Parent Letter
- Reinforcement System
- Reporting system for facilitators and coordinators

WE ARE... MARSHALL

Getting Started

- Collect Baseline data on student for at least 3 days on the Daily Progress Report (DPR) before introducing the intervention
 - Use this to determine goal the first week
- Decide who will be the students CICO Facilitator
- Send a standard letter home to parents
- Make copies of DPR for facilitator (clipboard for student)
- Introduce student to CICO and teach how to earn points
- Introduce student to school-wide Tier 2 reward system

WE ARE... MARSHALL

DAILY PROGRESS REPORT (DPR)

Linked to the 3-5 school-wide expectations

Teacher and student friendly

Same for all students (standard)

Three point scale (SWIS)

Up to 10 Check in times

The Card is NOT the intervention

- positive adult interactions
- behavior specific feedback

TFI 2.6: Tier II Critical Features

WE ARE... MARSHALL

DESIGNING A DPR

Use the same school-wide expectations

- CICO provides additional practice and feedback for students struggling to meet the expectations
- Easier for CICO Coordinator and Facilitator
- Easier for teachers to build fluency
- Increases generalizability to new students
- Half sheet is easier for students to carry

Think Efficiency...

WE ARE... MARSHALL

HIGH SCHOOL ADAPTATION

This is an example of what the day may look like for student and teacher.

Overview of ABC					
Activity	Duration	Student Responsibility	Adult Responsibility	Parental	Points for being prepared and having work completed
Morning Check-in	10 minutes	1. Attend check-in 2. Bring completed point card 3. Once assignment completed 4. Have needed materials	1. Meet with student 2. Review assignment 3. Provide missing materials 4. Allow time to complete work if needed 5. Review expectations for day		
Daily Feedback Session	5 minutes	1. Acknowledge student for meeting expectations 2. Meet with teacher after class 3. Review homework assignments	1. Complete homework tracker 2. Meet with student after class 3. Provide feedback to student		Points for meeting expectations and completing homework tracker
Afternoon Check-out	5 minutes	1. Review student is ready to complete assignments	1. Attend check-out 2. Review tracker with coordinator		Points for attending check-out and having teacher signature in all ABC's
Home Assignment	30 minutes	1. Review homework and checklist with parent(s) 2. Complete assignments 3. Organize parent signature	1. Parents review homework with student and provide points for work completed 2. Complete homework tracker 3. Parents discuss homework time with the next day		Points for the need to be prepared for the next day

▶

WE ARE... MARSHALL

SUBJECT AREAS VS. PERIODS

- Make sure to record by time of day
- Middle schools and high schools typically use periods or time of day
- Elementary schools can use time of day or subjects

W 2.6. Tech/Critical Review

WE ARE... MARSHALL

DPR CARD COMMENTS- CAUTIONS!

- Be careful about allowing space for open comments on the DPR. This is meant to be a **data tracking tool**.
- Allowing space for comments tends to:
 - Prompt adults to write something negative
 - Discourages staff from having the verbal interaction with student (allows them to only write it)
 - Parents/families tend to "use" these comments with their student in ways they not intended
 - We lose opportunity to re-teach if we are only using written comments

W 2.6. Tech/Critical Review

WE ARE... MARSHALL

PROS AND CONS DIGITAL DAILY REPORT CARD(DPR)

PROS		CONS
<ul style="list-style-type: none"> • Can increase fidelity of staff implementation • Can allow students and parents/families to view/contribute information • Can make it easier to view multiple weeks of data at one time for one youth • Can remove the stigma that paper cards can sometimes bring • Can remove the power struggle that can sometimes occur between student and teacher regarding the card 		<ul style="list-style-type: none"> • Sharing the rights of a Google Doc can be a digital disaster • It can be challenging to gather process data (look at data across all students) • Can be easier for the intervention to NOT take place (the conversation) <ul style="list-style-type: none"> - Easier for staff to "forget" ? • Can be hard to manage from a technology standpoint • Can be challenging for those who struggle with technology

W 2.6. Tech/Critical Review

WHAT ABOUT UNSTRUCTURED SETTINGS?

- If you want to keep unstructured settings as times where youth receive specific feedback (a block on the Daily Progress Report Card), then:
 - Explicitly teach all youth the expected behaviors in all areas and on all equipment, etc.
 - Provide adequate professional development to all supervisors and monitors
 - Ensure ample time for youth to receive specific feedback in those settings
 - Track data accurately for those youth during those times
- Otherwise, take those time slots off of the DPR, re-teach expectations during those times of day, and trust that the behaviors will be caught through a secondary system (i.e. ODRs) if necessary

TR 2.6: Technical Return
TR 2.6: Technical Return

DPR RATING SYSTEM

- 3 point system (2,1,0)
- **Define points** (*for example*)
 - 2 = Met expectations with positive behavior with no more than one reminder during a period
 - 1 = Needed 2-3 reminders/corrections during a period
 - 0 = Needed 3 or more reminders or corrections during a period

TR 2.6: Technical Return

REMEMBER

- Whether a student earns a "0, 1 or 2", he/she needs to know **exactly** why the points are being given.
 - Even students who receive 2's need to know **what** to do again!
- Someone should be able to ask a student "why did you get that 1 point today?" and the student will clearly understand why.
 - This goes for receiving acknowledgments as well. The interaction about **why** the points or the tickets are being delivered **IS** the intervention!

Overview: Text & Spoken

WHAT'S IN A 2 ?!

Remember:

- You want your staff to be as consistent as possible about what behavior warrants a 0,1, and 2 (try using vignettes at a staff meeting to have them practice- inter-rater reliability)
- A 2 should be similar behavior that is expected of other same aged youth. Not "better behavior" than what is expected for others.
- Staff still need to give positive praise/feedback for what a student did RIGHT to earn a 2. This will help the student do it again, and will help others in the class learn what is right/expected as well.

TR 2.0 - Tech/Child Review

Daily Components

Check-In	*Facilitator does morning check-in with students and gives them DPR
Regular teacher feedback	*Throughout the day teacher checks in with student to complete DPR and provides specific feedback
Check-Out	*Facilitator checks out with student at end of day and records data from DPR for Coordinator
Data collection and progress monitoring	*Coordinator monitors data collection to determine effectiveness of intervention
Family participation	*Home/school collaboration to ensure student success

How does Check-In work?

- CICO Facilitator is an identified adult that meets with the student first thing in the morning.
 - Discuss goal for the day
 - Predict hurdles for the day
 - Plan to remove hurdles
 - Write the goal at the top
 - Write in daily schedule
- Teacher reviews the DPR when they return to class
 - * Teacher can be the CICO facilitator for student*

WE ARE... MARSHALL

Feedback

- Teacher circles in pencil during the time block and pen at end
 - Some schools ask teachers to initial next to the number to keep students honest. This is up to you.
- Student takes the clipboard with DPR to every class
- Lunch and Recess can be scored by teachers on duty
- Student gets full points where behaviors are N/A during that time or environment (completes work during recess)
- As students mature, they can self report their behavior
 - Teacher agrees with students score and gives specific feedback
 - Teacher disagrees with students score and they discuss to get to a mutually agreed upon score

Make sure everyone that interacts with the student knows they are on CICO and gives them positive words to meet their goal

WE ARE... MARSHALL

BEHAVIOR SPECIFIC PRAISE

30 seconds or less!

Provide Specific Praise for Behavior:

Step 1: Identify the student or group
 Step 2: Include a term of praise
 Step 3: Describe/Acknowledge specific behavior/rule being recognized
 Step 4: (best practice): Link to school-wide expectation
 Step 5: (optional): Provide tangible reinforcement, DPR points, etc.

Diene, Awesome! You are demonstrating a transition to the transition, that's being "respectful!"

Non-examples:

- "Brian is sitting in his seat."
- Saying "good job" without connecting to school rule.
- Giving ticket without saying anything
- Only giving a ticket for "above and beyond" behavior

MS Before & After Video Example:
<https://www.youtube.com/watch?v=81-35036uQy4w&list=PL5W1A5W62F2M7414>

The Wrong Way	Classroom Rules
Be Responsible	+Stay on task +Clean up work +Apologize for mistakes
Be Respectful	+Raise hand +Listen to speaker +Follow directions +Walk quietly

"This whole table group did a great job of staying on task when the period bell rang. Well done! Way to show "responsibility!"

WE ARE... MARSHALL

STEPS TO SPECIFIC AND CONTINGENT Error Correction:

1 minute or less!

Example: "Joe [privately and with sincere voice tone], I saw that you were talking to your neighbor during independent work time. The expectation during independent time is focus on your own work which is Doing Your Best. Go ahead and start on your work again, and I'll stop by to catch you doing your best."

- Respectfully address student
- Describe inappropriate behavior
- Describe expected behavior/rule
- Link to school-wide expectation on Matrix
- End with encouragement

CHECK-OUT EXPLAINED

- Students will Check-Out with their CICO Facilitator
- Facilitator or student will tally their points and see if they reached their goal
- Facilitator will use school's Tier 2 reward system
- Facilitator will file DPR and communicate to parents if the student met their goal
 - Do not send original home without a back-up
 - Parents are usually okay with a "met or did not meet goal today"

What's the reward for meeting the goal?

CICO Challenges

- If a student rips up their DPR discontinue it for the remainder of the day.
 - If the problem persists Tier 2 Team will need to discuss Modified CICO options
- This is a POSITIVE behavior intervention
 - Do not consistently give zeros and expect behavior to improve
 - It is our job to identify when and where students are struggling then teach the skills they need to be successful

WE ARE... MARSHALL

Challenges Continued...

- Buy-In is very important in the beginning
 - attainment of goal is essential the first week
 - Buy-In from Teachers is even more important
- Sometimes the goal may need adjusted at lunch to ensure it is still attainable
 - Do they need a morning and afternoon goal?
 - Have they already met their goal at lunch?
 - Do they have no chance of reaching their goal at lunch?

DO NOT write any negative comments on the sheet.

WE ARE... MARSHALL

Daily Data Collection

- Facilitator will maintain DPRs and give to CICO coordinator
 - Keep the entire sheet; take a picture; e-mail to CICO coordinator; entire sheet (not just score)
 - Coordinator will look for trends (time of day, day of the week, teacher or specific classes)
 - Ensure goal is realistic and attainable
 - Problem solve with student; treat them as the expert
 - Parent sign and return? Realistic expectation or set-up for failure?

Note: Do not send home the daily report without taking a picture or making a copy. Assume that it may not be returned.

WE ARE... MARSHALL

Facilitator and Coordinator Communication:

- Daily or Weekly
- Paper Log Example with attached sheets
- Electronic shared Excel document with pictures of DPR uploaded
- Should take 3-5 minutes per student

CICO Facilitator Daily Log

Student	Facilitator	Facilitator	Facilitator	Facilitator	Facilitator	Facilitator	Facilitator

Facilitator Fidelity Check:

<input type="checkbox"/> Did you follow the protocol? <input type="checkbox"/> Did you use the protocol? <input type="checkbox"/> Did you use the protocol? <input type="checkbox"/> Did you use the protocol?	<input type="checkbox"/> Did you use the protocol? <input type="checkbox"/> Did you use the protocol? <input type="checkbox"/> Did you use the protocol? <input type="checkbox"/> Did you use the protocol?
---	--

WE ARE... MARSHALL

Coordinator Weekly Fidelity Check

During the past week:

	Yes	No	Not observed
1. Student checked in with a designated staff member before school started.			
2. Check to staff person positively acknowledged student at Check In, gave student a CICO sheet and ensured that the student had materials needed for first class.			
3. Student gave daily progress report to each teacher at the beginning of designated class periods (not expected for students who are on electronic CICO).			
4. Teacher positively acknowledged student when given CICO sheet.			
5. Teachers provided positive or corrective feedback at end of class period.			
6. Student checked out with designated staff member at the end of the day.			
7. Student took CICO sheet home to get parent signature. (Regular parent contact established with students on electronic CICO.)			
8. Student CICO points are recorded within 2 school days.			
9. Student CICO data is reviewed by a Tier 2/3 Team member at least every 2 weeks. (When a student needs more support or is ready to exit out of the intervention, the Tier 2/3 is notified. If necessary the student is referred to the IST [Intervention Support Team].)			
10. Process in place for CICO to be (a) faded to self-management if CICO is effective, or (b) linked to function-based support if CICO is not effective.			

WE ARE... MARSHALL

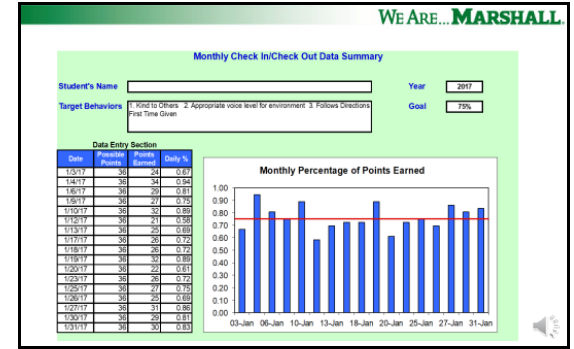

Monthly Data Report

Monthly the CICO coordinator will input data into chart to review students progress with Tier 2 team

Monthly data reports will be used in meetings to make decisions (SAT?)

Parents should receive a copy of monthly report with explanation (positive frame)

Give feedback to staff involved with student- E-mail monthly chart and give suggestions to staff to improve student outcome

WE ARE... MARSHALL

Data-Based Decision Making

- Time-limit intervention / 8-12 weeks
- Daily/Weekly data summaries
- Tier 2 Team: Periodic review meetings – with data
 - Grades, attendance, assignment completion, CICO data
 - Include high school students

WE ARE... MARSHALL

NEXT STEPS:

- FADE AND GRADUATE
- CONTINUE
- MODIFY

WE ARE... MARSHALL

GRADUATE CICO

- Typically, a student is ready to “graduate” when they have 3-4 weeks in a row of meeting their maximum goal.
 - (Typically 80% of their points.)

WE ARE... MARSHALL

FADE CICO

If student has met graduation criteria, consider:

- **Graduation celebration!** Then...
 - Checking in less frequently (i.e. every other day, or less times throughout the day, etc.)
 - Move student to self-monitoring
 - Student CICO Leader- student helps the adults to check-in and check-out students
 - Mentoring other students (student leader)
 - Share story to key stakeholders

W 2.7: Problem-Matched to Student Need
W 2.8: Access to Tools/Supports

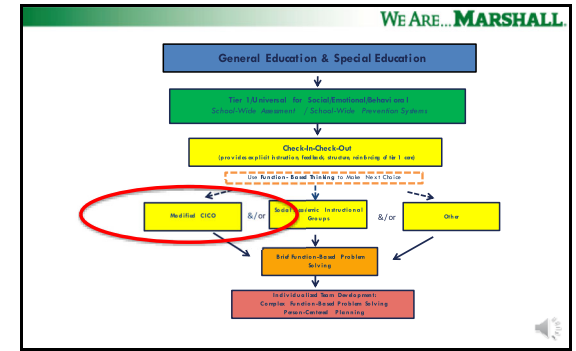

WE ARE... MARSHALL

CONTINUE CICO

If student has NOT met graduation criteria (and further CICO could result in success), consider:

- Keeping the student in CICO
- Are we addressing the right function?
- Implementation fidelity measure? Are we doing what we said we would do?
- Caution: Avoid leaving students in CICO without fading or modifying for too long of a period of time

W 2.7: Problem-Matched to Student Need
W 2.8: Access to Tools/Supports

WE ARE... MARSHALL

MODIFY CICO

If student has NOT met graduation criteria for CICO (and further CICO with no modifications would NOT result in success), consider a more **intense** version of CICO as one of the next options.

We want to use **function** as a means for determining **what comes next**.

A

Routines / Antecedent/Setting Events:
When _____ happens...

→

B

Problem Behavior
the student does (what _____)

→

C

Consequence / Outcome
...and as a result _____

WE ARE... MARSHALL

Using CICO to Meet the Function

- **Adult attention**
– *check in with adult*
- **Peer attention**
– *use peer interaction or peers as the reinforcer*
- **Escape/Avoid**
– *reduce negative adult interactions*
- **Lack of academic or organizational skills**
– *make that a goal of the DPR*

WE ARE... MARSHALL

EXAMPLES OF HOW TO MODIFY

- Have **standing options** that the team can quickly consider:
 - Letting student bring a friend to check-in and check-out (peer attention)
 - Student choosing specifically who he/she will check-in and check-out with (adult attention)
 - Student checking in at a different location (Avoid interactions)
 - Check in for a few more minutes (build organizational skills to prepare for the day)
 - Student adding another extra check in time throughout the day (adult attention)
 - Receive a tangible at check-in (i.e. granola bar) OR earn a specific preferred tangible at check-out (tangible)

Reference the Guiding Question for CICO System Problem Solving and Action Planning document.

R. J. F. Practice Model for Student Team
W. J. A. - All in One - CICO System

WE ARE... MARSHALL

WHEN YOU MODIFY CICO

- Consider how you are documenting the plan change?
 - Documenting in your team minutes
 - Keeping track on the student's behavior plan
 - Inform others involved of the change
 - Make changes on DPR as necessary and review with student

W 2.7: Function Modified to Meet Need
W 2.8: Add on to Existing Supports

WE ARE... MARSHALL

Modified CICO

- Adding specific goals
- Adding additional check-in
- Adding in peers
- Adding in interventions you already have in place
- Meaningful Work

Student Name:	Teacher:	Date:			
Today's Goal: 50% 50% 60% 60% 70% 70% 80%
