

# What is a Model School?

A school that has participated in a PBIS Academy conducted by the WV PBIS State Leadership Team and has implemented Tier 1 with fidelity for at least one year can be considered for designation. A Model School will exemplify a high level of PBIS implementation with fidelity in a majority of features of the PBIS framework and show improved student outcomes due to PBIS.

# What is a Spotlight School?

A Spotlight School will demonstrate excellence in particular features that can be highlighted and/or replicated as high-quality examples of implementation. Upon review of applications, the WV PBIS Leadership Team will determine if a school receives the designation of a Model School or a Spotlight School.

# Who should apply?

Schools that have an 80% or better on their most current Tier 1 Tiered Fidelity Inventory (TFI) and have improved student outcomes due to PBIS.

# Why should you apply?

PBIS Model and Spotlight Schools will serve as examples for other schools implementing or exploring PBIS. As a model or spotlight school, your example will help spread this effective and beneficial framework throughout the state. In addition, your school will receive local and statewide recognition.
